

Welcome To The 2's Room!

In our 2 year old room we interact with your child by reading books, singing songs, having circle time, playing with the children, providing sensory time.

Our goals in our classroom is to learn our colors, numbers 1-10, shapes, ABC's, along with working on our fine motor, gross motor, & social skills. By the time they move up they will be more independent and know when to ask for help. Everyday I have something fun and enjoyable to do so make sure you keep up with our **Procare App**.
