

Welcome To Pluto The Baby Room

Meet The Teachers

Ms. Mayra

Lead Baby Teacher

Education: Lead Infant, Toddler, & Preschool Early Childhood Education courses through the state of WI

I have 3 nieces ages 13, 10, & 9. I enjoy taking them to and watching their extracurricular activities. I have 2 dogs, a Great Dane and a Shih-Tzu. I have always enjoyed watching and helping children grow and develop. I find this career path incredibly enjoyable and rewarding. Watching and helping these children over the years is so wonderful knowing I will have had a part in molding them into the amazing people they will become.

Ms. Hannah

Assistant Baby Teacher

Education: In the process of receiving my Lead Infant, Toddler, & Preschool Early Childhood Education certifications through the state of WI

Hello! My name is Hannah, I am excited to be working with your children and to watch them flourish. I love all things creative and I enjoy painting, hiking, and playing instruments in my free time. I have been working in a professional childcare setting for a little over a year but have been babysitting and nannying for 10 years. I believe in teaching independence in a nurturing way and cultivating real-life skills by implementing them into our curriculum. I look forward to serving the community and watching your children grow.

About Our Classroom

Infants naturally love learning about the environment around them. It's all so new! We'll focus on cognitive, physical, social and emotional development. Your younger babies will have the opportunity to engage in tummy time to develop muscle memory. As they grow in the classroom, there's a lot of room to crawl, play, sleep and explore around them. By the end of our time together, your child should learn the skills to crawl if they do not already, pull themselves up to stand or to learn to strengthen their legs and eventually learn the steady process of walking. As a parent, you can follow everything your baby does in daycare throughout the day using the ProCare App, which, if you choose, can do the same activities with them at home.

Reminders

- The center provides cribs and sheets. Please make sure to label all of your babies personal belongings. We do not share anything with other babies.
- Please make sure to enroll in ProCare. It gives all the info from the first to the last diaper change. This app also lets you communicate with me in case of any questions or concerns.
- Please make sure to LABEL ALL YOUR BABY SUPPLIES. WE DO NOT SHARE ANYTHING in the baby's room. Everything is designated for your baby only.
